

**OLIVETTI LTV 17p  
LCD TV MONITOR**

**olivetti**

## A NEW ERA ON TV!

The Olivetti LTV 17p is a mixture of design and features; the ultra thin profile, the high flexibility and the exceptional clarity allow the Olivetti LTV 17p to change the rules. The Liquid Crystal Television offers wide viewing angles, high brightness, brilliant picture quality, ease of use built-in tuner and compatibility with any available video media standard.

## FLAT LCD DISPLAY

The flat display delivers natural and accurate images from corner to corner and it is free from the distortion that can occur with conventional curved screens. It produces minimal reflections and renders clean images.

The LTV 17p technology cancels any kind of electromagnetic field and the native free flicker technologies guarantee stable images.

## PIp FEATURE

The "Picture in Picture" function allows to visualize a resizable small display with television programs on the PC desktop (when a PC is connected to VGA entrance). This function lets users work with the PC and in the same time watch television programs everywhere on the large 17" display.

## CONNECTION FLEXIBILITY

The product has four video inputs (VGA, DVI, S-Video, Composite), the TV antenna connector, the audio in/out/phone plug, a credit card size remote control, two front speakers and an OSD menu for television setup. The compatible Vesa connection allows to easily fix the television on the wall; in order to enhance this function, it is necessary to buy a separate Vesa wall-mounted kit.

## TECHNICAL SPECIFICATIONS

### LCD TV MONITOR

#### Dimension

17 inches

#### Resolution

1280 x 1024 75Hz

#### Dot pitch

(V and H) 0,264 mm

#### Contrast

450:1

#### Angle of View

(V and H) 160°

#### Response time

25ms (From all white to all black)

#### Brightness

250cd/m2

### INPUT SIGNAL

#### VGA

VGA analogue signal with 15-pin

D-shell connector

Frequency resolution: 140MHz

Colour display up to 16 Millions

#### Digital and DVI Input

DVI input connector with 24-pin D-shell

connector

Compatibility VESA

#### S-video

S-video connector 4-pin

#### Composite

AV connector

### SCANNING FREQUENCY

#### Horizontal

Up to 80 KHz

#### Vertical

Up to 75 Hz

### AUDIO

#### Output

Above 1 W (x2) RMS

#### Response

30Hz-20KHz

#### In/Out/Headphone audio connector

Yes (Output under volume control)

### POWER SUPPLY

#### AC Input

100-240 V 60/50Hz 1,5A

#### Power consumption

< 48 W (standby <5W)

### DIMENSION AND WEIGHT

440 X 420 X 190 mm

7 Kg

Maximal horizontal rotation angle:

330° in total

Maximal tilt angle (upward): 25°

Maximal tilt angle (downward): 5°
